

Maxim Troitskiy

Product Manager · FinTech · EdTech · Munich

📍 Munich, Germany maxim.troitskiy03@gmail.com linkedin.com/in/maxim-troitskiy

SUMMARY

Product Manager with 2+ years building data-driven products across FinTech and EdTech. At **Tinkoff**, led end-to-end delivery of credit-card product improvements through controlled experimentation and cross-functional coordination. At **Title.**, took an AI university platform from concept to launch in 4 months with a team of 10. Founder of **Logora**, a creator monetization SaaS — built and shipped an MVP independently. Currently MSc at **TU Munich** (Data in Society).

EXPERIENCE

Tinkoff — Middle Technical Product Manager Oct 2025 – Feb 2026 · Moscow, Hybrid

- Redesigned credit-card notification flow via controlled A/B experiments → **+8 p.p. conversion** (+12%/month)
- Led rollout of paperless document-signing for N2B clients, coordinating CX, legal, and engineering teams; eliminated paper handling and shortened processing time
- Designed virtual card issuance logic (push/call flows, response handling) → **+4 p.p. utilization (+8,000/month)**
- Recovered **~1,200 monthly utilizations** by identifying a system issue through dashboard and funnel analysis

Title. — PM / Business Analyst Aug 2024 – Sep 2025 · Moscow, Hybrid

- Led AI-powered university platform from concept to MVP in **4 months**, coordinating a cross-functional team of 10 (engineering, design, analytics)
- Automated academic workflows → **~40% reduction in operational costs**; managed full lifecycle through to B2B negotiations with partner universities
- Key project: **“AI Lingua”** — NLP system for automated English proficiency assessment (HSE); featured in TASS, Oct 2024
- Gathered and translated stakeholder requirements from academic departments into product specifications; product nominated for industry innovation award

Logora — Founder & Growth PM Apr 2024 – Apr 2026 · Moscow, Hybrid

- Built creator monetization SaaS (paid video sessions, booking, payments, payouts, dispute resolution) from 0→1; delivered MVP on schedule using Jira for backlog management
- Conducted creator interviews and user story mapping to shape positioning, onboarding, and monetization; grew pre-launch waitlist to **100+ creators and experts**
- Finalist, “Best Entrepreneurial Project” — HSE FCS Young Entrepreneur Scholarship 2025
- Organised B2B negotiations with universities and educational communities, advancing multiple pilot integration agreements

EXPERIENCE (CONTINUED)

- Higher School of Economics — Research Assistant, Data Analysis

Sep 2024 – Jan 2025 · Remote, Part-time

- Supported students in mathematical methods of data analysis using Python; led individual and group consultations on data science tasks
 - Evaluated student progress and provided structured feedback on code and analytical approaches
- Tinkoff — Business / Data Analyst

May 2024 – Aug 2024 · Moscow, Hybrid

- Ran A/B tests and metrics analysis on product features
 - Developed card-delivery and banking-app strategy for customers under lockdown conditions
- NLMK Group — Intern Data Scientist / Business Analyst

Jan 2024 – Apr 2024 · Moscow, Remote

- Built ensemble ML model for ore-content estimation; processed and cleaned industrial data with Python (pandas, NumPy)
 - Defined business requirements and developed proxy variables to improve input data quality for modelling
- Apelsin — Junior iOS Developer

Jun 2023 – Aug 2023 · Moscow, Hybrid

- Built iOS smart-home app (door lock, elevator, barrier) and account-sync module

EDUCATION

- Technical University of Munich

Mar 2026 – Aug 2028 · Munich
