PROFILE

Product Manager with 1.5 years shipping data-driven products in FinTech and EdTech. At Tinkoff: +8 p.p. conversion via controlled A/B testing; recovered 1,200+ monthly utilizations through funnel analysis. At Title.: AI university platform from zero to MVP in 4 months (team of 10, –40% operational costs); key project AI Lingua ranked among 30 global AI-education best practices (Springer, Dec 2025, alongside Harvard / MIT / Tsinghua). Founder of Logora, a creator-monetization marketplace built 0 → 1. MSc, Data in Society, TU Munich — focus on AI governance, data ethics, and societal impact of technology.

WORK EXPERIENCE

- Tinkoff** — Technical Product Manager

10/2025 – 02/2026
Moscow, Hybrid

 - Redesigned credit-card notification flow via controlled A/B experiments → +8 p.p. conversion (+12%/month)
 - Led rollout of paperless document-signing for new-to-bank customers, coordinating CX, legal, and engineering teams; eliminated paper handling and shortened processing time
 - Designed virtual card issuance logic (push/call flows, response handling) → +4 p.p. utilization (+8,000/month)
 - Recovered ~1,200 monthly utilizations by identifying a system issue through dashboard and funnel analysis
- Title.** (IT studio & AI consulting) — PM / Business Analyst

08/2024 – 09/2025
Moscow, Hybrid

 - Led AI-powered university platform from concept to MVP in 4 months, coordinating a cross-functional team of 10 (engineering, design, analytics)
 - Automated academic workflows → ~40% reduction in operational costs; managed full lifecycle through to B2B negotiations with partner universities
 - Key project “AI Lingua” — NLP English-proficiency system for HSE; ranked 1 of 30 global AI-education best practices in Springer anthology (Dec 2025, alongside Harvard / MIT / Tsinghua); featured in TASS (Oct 2024)
- Logora** — Founder & Growth PM

04/2024 – 04/2026
Moscow, Hybrid

 - Built creator monetization marketplace (paid video sessions, booking, payments, payouts, dispute resolution) from 0→1; delivered MVP on schedule using Jira for backlog management
 - Conducted creator interviews and user story mapping; grew pre-launch waitlist to 100+ creators; advanced B2B pilot agreements with universities and educational communities
 - Finalist, “Best Entrepreneurial Project” — HSE FCS Young Entrepreneur Scholarship 2025
- Higher School of Economics** — Research Assistant, Data Analysis

09/2024 – 01/2025
Remote, Part-time

Python-based data analysis tutoring for BSc students; consultations and grading

Tinkoff — Business / Data Analyst

05/2024 – 08/2024
